FOUNDING 50 UPDATE

Where we are, *honestly.*

A short, honest update. *No fluff.* Here is exactly where Bonisa is today.

DONE

Artist profiles and verification

Create a profile, submit it, and we check it within 2 to 3 days.

DONE

Booking pages, reviews and safety check-ins

Everything an artist and a client need around a booking.

IN PROGRESS

Payments, being tested properly

So your money is protected from the very first booking. This is the one thing holding us back from opening to clients.

NEXT

Founding artists go live first

Then clients arrive. We will share the date the moment we have it.

> **We would rather take a little longer than get payments wrong.** It is your money and your trust.

What helps most right now

1. **Pass the invite on**
   We are still building toward the first 50.
2. **Get your profile pieces ready**
   The Get Ready checklist has the list.
