FINISHING YOUR PROFILE

A calm walk through, *step by step.*

Take this with you when you build your profile. **Tick each one as you go.** Most artists finish in about 15 minutes.

- [ ] **Your name and a clear profile photo**
  A face clients will recognise. Good light, no filters.
- [ ] **A short bio**
  Two or three sentences: what you do, your style, how long you have been doing it.
- [ ] **Your services, prices and how long each takes**
  For example: Bridal makeup, R1 500, 2 hours. Add every service you offer.
- [ ] **Five of your best photos**
  Your own work, in focus. A mix of looks shows your range.
- [ ] **The days and times you work**
  Clients only see times you can really do.
- [ ] **Your area and Instagram handle**
  So clients know where you work and can see more of your work.
- [ ] **Your ID and bank details, when you are ready to submit**
  Only Bonisa sees your ID. Your bank details are where your money goes.
