

Your Bonisa shoot day

Palesa, here is exactly what happens next, and who does what.

1

YOU

Make your Bonisa account

Sign up as a Client with your name, email and phone number. Takes two minutes.

2

YOU

Send your artist the invite

Open "Invite Your Artist" on your home screen and tap Send on WhatsApp. One artist doing everything, or three separate people (makeup, hair, nails), each gets the same link.

3

YOUR ARTIST

Sets up their profile

They sign up as an Artist, then add their services with prices, a photo or video of their work, and their ID number with a photo of their ID.

4

BONISA

Verifies them

We check each artist before anyone can book them. You will not need to do anything. We reply within 72 hours.

5

YOU

Book and pay

Once they show as verified, pick them, choose a date and pay in the app. You arrive bare faced, no makeup, no hair, no nails. That is your "before".

6

EVERYONE

The shoot

Your artists transform you while we film. After the service you tap "Yes, everything went well" and the artist is paid.
