

Your Bonisa shoot day

Palesa, here is exactly what happens next, and who does what.

1

YOU

Make your Bonisa account

Sign up as a Client with your name, email and phone number. Takes two minutes.

2

YOU

Send your artist the invite

Send them the message below on WhatsApp. One artist doing everything, or three separate people (makeup, hair, nails), each gets the same link.

3

YOUR ARTIST

Sets up their profile

They open the link, tap "Artist / Barber", then add their services with prices, a photo or video of their work, and their ID number with a photo of their ID.

4

BONISA

Verifies them

We check each artist before anyone can book them. You will not need to do anything. We reply within 72 hours.

5

YOU

Book and pay

Once they show as verified, pick them, choose a date and pay in the app. You arrive bare faced, no makeup, no hair, no nails. That is your "before".

6

EVERYONE

The shoot

Your artists transform you while we film. After the service you tap "Yes, everything went well" and the artist is paid.
