

Bonisa launch deadlines

Launch event: Saturday 14 November 2026. Prepared 10 October 2026.

Three dates decide whether the event is a launch or an awareness event. All three must be met.

The three deadlines

Date	Deadline	Owner	Done when
Mon 2 Nov	Legal documents live in the app	Haiden, with Alwande	Privacy policy, terms, artist agreement, refund policy and POPIA consent are live. Signup cannot finish without consent.
Fri 6 Nov	Real payment tested end to end	Haiden	One small real payment through Peach is paid, held, released and refunded.
Mon 9 Nov	30 verified artists bookable	Alwande	At least 30 verified artists are visible and bookable. No unverified artist appears.

Decision day: Monday 19 October

Peach Payments is expected to answer by 19 October at the latest. If they have not confirmed by then, we decide that day whether the event launches with bookings or as an awareness launch with a waiting list.

Content plan

Week	Focus
10 to 18 Oct	Build content and the artist intake page. Start legal. Check the Paystack backup. Oshobi Girl finishes testing.
From 19 Oct	Pre-launch: something is coming on 14 November. Artists apply now.
From 26 Oct	Meet the Artist, using only verified artists with written permission.
From 2 Nov	Honey, it's time collaboration with the promo girls and the Show Me Girl idea. Balissa full glam experience.
From 9 Nov	Daily countdown. Final checks on the three deadlines.
Sat 14 Nov	Launch event.

Decisions already made

Peach Payments replaces Stripe. Legal documents are worked on together by Alwande and Haiden. Amali is not an employee and works in the background on content.

What we need from Haiden

Confirm that 2 November and 6 November work, and flag anything that puts them at risk.
